

Quality Policy Statement

This manual and the quality processes and procedures contained within define the company quality management system and are mandatory for the performance of all work for customers and applies to all products and services defined within our declared scope of activity.

The Finance Director is the nominated management representative and has the responsibility to, and authority from, the Managing Director to implement and maintain BS EN ISO 9001/2015 requirements within Abtus Ltd.

1. To fulfill and exceed the requirements of our customers and stakeholders
2. To achieve customer and stakeholder satisfaction through effective use of company resources
3. To deliver a culture of continuous improvement in all the company's processes and activities.
4. To comply with all statutory, regulatory and customer requirements.

Internal and external monitoring of this quality management system will ensure continued effectiveness and where necessary appropriate systems and procedures will be updated to meet quality objectives.

Sam Parrett
Managing Director
