

The ABT4269 Combination Gauge (Folding) is a lightweight tool used to measure the cross level, super-elevation, track gauge and check gauge. Constructed from hard wearing GRP, the gauge is electrically non-conductive making it suitable for use in areas of 3rd and 4th rail electrification.

Technical Specification

Weight	-	3.2kg	Size	-	1585mm x 130mm x 295mm
Measures cross-level	-	-20mm to +20mm	Measures super-elevation	-	-10mm to 160mm
Measures running gauge	-	0mm to 150mm	Measures check-rail gauge	-	1365mm to 1435mm
Presets to cant	-	0 to 150mm
